International
Congress on Engineering
A Vision for the Future

1st CALL FOR PAPERS

Organized by

Faculty of Engineering - University of Beira Interior
Covilhã - Portugal

Objectives

The event aims to promote the contribution and concern of Engineering for human society and make a preview of our common future, ensuring contact between researchers and practitioners from different fields of engineering and permit the dissemination of its research, innovation and development within the various sectors of economic activity.

This event comes in the sequence of the successful "ICEUBI2015" (iceubi2015.ubi.pt), which included in its program 3 invited lectures and 40 parallel sessions of 23 thematic sessions where 220 complete papers and posters were presented. For the first time a set of articles were published in a Special Issue of Open Engineering magazine.

Official languages

English, Portuguese, Spanish
