

Time	05/12/2017	8.1	8.6	8.8	8.10	8.12
09.00 – 10.30 h	Parallel Sessions		01 - Fire Engineering and Natural Disasters - Session 1	02 - Dynamic and Control	03 - Aero and Hydrodynamics	04 - Fibrous Materials
11:00 - 13: 00 h	SPECIAL SESSIONS	A VISION FOR THE FUTURE				
14.00 – 15.30 h	Parallel Sessions		05 - Transport Infrastructures - Session 1	06 - Sustainable materials and building technologies - Session 1	07 - Food Science and Engineering - Session 1	08 - Integration and management of energy and water systems - Session 1
16.00 – 17-30 h	Parallel Sessions		09 - Transport Infrastructures - Session 2	10 - Structural Engineering - Session 1	11 - Food Science and Engineering - Session 2	12 - Rehabilitation of buildings and satisfaction of contemporary requirements - Session 1
Time	06/12/2017	8.1	8.6	8.8	8.10	8.12
9.00 – 10.30 h	Parallel Sessions	13 - Transport Infrastructures - Session 3	14 - Health and Environmental Quality - Session 1	15 - Integration and management of energy and water systems - Session 2	16 - Nonlinear Filtering and Control of Uncertain Systems - Session 1	17 - Public Art and Urban Development: an Interdisciplinary Perspective in Time and Space
11.00 – 12.30 h	Parallel Sessions	18 - Ventilation and Energy Efficient Building Design	19 - Health and Environmental Quality - Session 2	20 - Rehabilitation of buildings and satisfaction of contemporary requirements - Session 2	21 - Fire Engineering and Natural Disasters - Session 2	22 - Geographic Information Systems Applied to Engineering
14.00 – 15.30 h	Parallel Sessions	23 - Air Transport - Session 1	24 - Sustainable materials and building technologies - Session 2	25 - BIM - Building Information Modelling	26 - Urban Rehabilitation	27 - Structural Engineering - Session 2
16.00 – 18.00 h	Parallel Sessions	28 - Air Transport - Session 2	29 - Sustainable materials and building technologies - Session 3	30 - Nonlinear Filtering and Control of Uncertain Systems - Session 2	31 - Inovative Structural Materials	
Time	07/12/2017	8.1	8.6	8.8	8.10	8.12
9.00 – 10.30 h	Parallel Sessions		32 - Construction Project Management and Maintenance - Session 1	33 - Postgraduate Teaching: Dissertation vs. Project	34 - Impressions in the Territory: risks, development, culture and tourism in architecture and engineering	35 - Trends and technologies in agriculture and agroindustry engineering
11.00 – 12.30 h	Parallel Sessions		36 - Construction Project Management and Maintenance - Session 2	37 - Propulsion Systems	38 - RE-Architectures
